Maintenance, Retention and Confidentiality of Client Records
Maranatha Christian Center

1. Maintenance of Records.

CONTRACTOR must maintain legible and adequate medical, clinical, and/or rehabilitation records on each client as required by all applicable laws based on program type and funding source. Such records will, at a minimum, include: (a) diagnostic studies, if applicable; (b) a description of the goals set for each client's care; (c) documentation describing services provided by various professionals and paraprofessionals; (d) documentation regarding client interviews and/or progress notes. CONTRACTOR will maintain such records in the form determined or approved by federal, state, and COUNTY laws, rules, and regulations. Such records will be in sufficient detail to facilitate evaluation of the services provided pursuant to this AGREEMENT and will contain all data necessary to prepare any reports required by the State DHCS.

2. myAvatar Portal.

On or after the integration go-live, CONTRACTOR will be responsible for connecting via Provider Connect NX (myAvatar portal) to submit any and all data to complete the following: 1) Client Management, 2) Client Documentation, and 3) Reporting requirements using standard code sets published by COUNTY.

Contractor Certification. On behalf of Contractor, I hereby certify that:

1. Contractor has reviewed and is in compliance with all current County requirements regarding COVID-19 vaccination applicable to contractor's employees working at County facilities, including but not limited to the requirements in the County's memorandum regarding COVID-19 Vaccine Requirement for County Personnel ("County Vaccine Policy"), the County's memorandum regarding Application of COVID-19 Vaccination Requirement to County Contractors, Interns, and Volunteers, all current State and County Health Officer orders, and any other County requirements. These memoranda and current County policies are accessible at <https://procurement.sccgov.org/doing-business-county/contractor-vaccinations>. Contractor understands that it is responsible for reviewing and maintaining compliance with all subsequent revisions or amendments to State and County orders and requirements regarding COVID-19.
2. As of the date signed below:
 - a. Contractor understands that it must confirm, and has confirmed, that all of contractor's workers (including any subcontractor workers) who routinely perform services for the County onsite and share airspace with or proximity to other people at a County facility as part of their services for the County¹ are:
 - i. Fully vaccinated against COVID-19 and up-to-date on any boosters for which they are eligible as defined and required in the County Vaccine Policy; **or**
 - ii. Have a legally sufficient and approved medical, disability, or religious exemption from vaccination that has been granted by contractor.

¹ As established in the County's Memorandum Regarding Application of COVID-19 Vaccination Requirement to County Contractors, Interns, and Volunteers, contractors performing work at closed construction sites are not required to comply with the County's vaccination requirements, but must comply with all applicable federal, state, and local public health laws, including but not limited to vaccination, testing, and masking requirements.

- b. Contractor has verified and will continue to verify the vaccination status of all staff working on site at any County facility, and has obtained proof of vaccination from its staff in a form consistent with the California Department of Public Health’s Vaccine Records Guidelines and Standards.
- 3. If contractor seeks to send any workers who are not fully vaccinated and up-to-date on boosters for which they are eligible to work indoors at any County facility because the contractor has granted them an exemption, contractor shall notify the County in writing by providing a list of any such workers to the COVID-19 Designee for the department that manages the facility where the contractor personnel will be working at least 96 hours in advance of any such worker arriving onsite so that the department has sufficient time to determine whether it will approve the contractor’s requests that its personnel work onsite and, if approved, can ensure that the contractor has complied with all applicable COVID-19 safety requirements for unvaccinated individuals, including, where applicable, regular testing and the use of a fit-tested N95 mask.² Notice must be separately provided to each department that manages a facility where contractor seeks to assign personnel to work onsite. Regardless of exemption status, personnel who are not fully vaccinated and up-to-date on boosters for which they are eligible may not work in high-risk roles at County facilities.
- 4. If any of contractor’s workers are noncompliant with vaccination or testing requirements, contractor will notify the County Department for which they are providing services immediately and will not permit those workers to go onsite at a County facility without express written permission from the County.
- 5. Contractor will comply with all reasonable requests by the County for documentation demonstrating the contractor’s compliance with this Certification.

I verify the truth and accuracy of the statements in this Certification under penalty of perjury under the laws of the State of California.
