A. GOALS AND OBJECTIVES

1. Goals

In line with the vision and mission of the Office of Diversion and Reentry Services (DRS), Bay Area Maranatha Christian Center (“Contractor”), shall achieve the following outcomes for the justice-involved population:

- a. Provide accessible services that address client needs;
- b. Increase meaningful use of time and capabilities in school, work, and activity;
- c. Reduce homelessness and increase access to safe and permanent housing;
- d. Increase family reunification; and
- e. Strengthen support networks.

Through these efforts, the overall goal is to provide services that will help clients increase their self-sufficiency and reduce their likelihood of recidivating.

2. Objectives

Contractor shall support individuals exiting incarceration and returning to the community and/or individuals who have recently reentered the community, with navigating and accessing available resources in the Adult Reentry Network and larger community to ultimately eliminate barriers to self-sufficiency.

- a. Engage clients recently released from incarceration and their families with the coordination of services required to facilitate the client’s reintegration back into the community.
- b. Assist clients in transitioning from jail to community upon release by conducting an assessment of needs and providing a reentry plan that provides realistic objectives towards their service needs and goals (e.g., work, school, etc.).
 - i. All clients should receive at least two assessments to gauge initial needs/goals and to monitor progress; one at enrollment and one at exit from the program. Assessments should be completed once every 4 months, for up to three (3) assessments per enrollment.
