- b. "County Data" shall mean data and information received by Contractor from County. As between Contractor and County, all County Data shall remain the property of County.
- c. "Deliverables" means goods, services, software, hardware, information technology, telecommunications technology, enhancements, updates, new versions or releases, documentation, and any other items to be delivered pursuant to this Agreement, including any such items furnished incident to the provision of services.
- d. "Documentation" means manuals and other printed materials (including updates and revisions) necessary or useful to the County in its use or maintenance of the Deliverables provided pursuant to this Agreement.
- e. When used in this Agreement, "days" shall refer to calendar days unless stated otherwise.

1. NON-EXCLUSIVE AGREEMENT

The Agreement does not establish an exclusive contract between the County and the Contractor. The County expressly reserves rights to, without limitation, the following: the right to utilize others to provide products, support and services; the right to request proposals from others with or without requesting proposals from the Contractor; and the unrestricted right to bid any such product, support or service.

2. DELIVERABLES

Contractor agrees to provide the County all Deliverables on terms set forth in the Agreement, including all Exhibits that are attached to the Agreement and incorporated, as well as all necessary equipment and resources. However, this Agreement does not provide authority to ship Deliverables. That authority shall be established by contract release purchase orders placed by the County and sent to Contractor throughout the term of the Agreement. County agrees to pay Contractor an annual fee based on the amounts in Exhibit B. Contractor invoices for year one upon initial shipment, and then annually in advance each year thereafter. Each and every contract release purchase order shall incorporate all terms of this Agreement and this Agreement shall apply to same.

Any additional or different terms or qualifications sent by Contractor, including, without limitation, electronically or in mailings, attached to invoices or with any deliverables shipped, shall not become part of the contract between the parties. County's acceptance of Contractor's offer is expressly made conditional on this statement.

**COUNTY OF SANTA CLARA
STANDARD TERMS AND CONDITIONS
FOR AGREEMENT FOR GOODS AND SERVICES**

Contractor shall timely provide to the County, all documentation and manuals relevant to the Deliverables to be supplied, at no additional cost. Such documentation shall be delivered either in advance of the delivery of Deliverables or concurrently with the delivery of Deliverables.

Employees and agents of Contractor, shall, while on the premises of the County, comply with all rules and regulations of the premises, including, but not limited to, security requirements. If required, Contractor shall be responsible for installation, training and knowledge transfer activities in relation to the Deliverables being supplied.

All equipment shall be delivered to a County site specified in the contract release purchase order, or if not so specified therein, in the Statement of Work/Specifications.

Contractor holds itself out as an expert in the subject matter of the Agreement. Contractor represents itself as being possessed of greater knowledge and skill in this area than the average person. Accordingly, Contractor is under a duty to exercise a skill greater than that of an ordinary person, and the manner in which performance is rendered will be evaluated in light of the Contractor's superior skill. Contractor shall provide equipment and perform work in a professional manner consistent, at minimum, with industry standards.

Contractor represents that all prices, warranties, benefits and other terms being provided hereunder are fair, reasonable and commensurate with the terms otherwise being offered by Contractor to its current customers ordering comparable Deliverables and services.

3. NECESSARY ACTS AND FURTHER ASSURANCES

The Contractor shall at its own cost and expense execute and deliver such further documents and instruments and shall take such other actions as may be reasonably required or appropriate to evidence or carry out the intent and purposes of this Agreement.

4. COUNTING DAYS

Days are to be counted by excluding the first day and including the last day, unless the last day is a Saturday, a Sunday, or a legal holiday, and then it is to be excluded.

5. PRICING

Unless otherwise stated, prices shall be fixed for the term of the Agreement, including all extensions. If any product listed in this Agreement is discontinued or upgraded prior to delivery, Contractor shall extend the same pricing towards a comparable replacement which is functionally equivalent or an upgraded version.

Exhibit B of the Agreement is the basis for pricing and compensation throughout the term of the Agreement.

Notwithstanding the above, if at any time during the term of the Agreement the Contractor offers its general customer base special, promotional or reduced pricing when compared with the price paid by the County, County shall benefit from that pricing, and that pricing shall apply to the County for any future orders or for any remaining payments at the same time that is offered to

FOR AGREEMENT FOR GOODS AND SERVICES

other entities. Contractor is required, on an ongoing basis, to inform the County of any such special, promotional or reduced pricing. In no event shall such price be applied retroactively.

6. MODIFICATION

This Agreement or any contract release purchase order may be supplemented, amended, or modified only by the mutual agreement of the parties. No supplement, amendment, or modification of this Agreement contract release purchase order will be binding on County unless it is in writing and signed by the County's authorized representative.

7. TIME OF THE ESSENCE

Time is of the essence in the delivery of goods by Contractor under this Agreement and any contract release purchase order. If Contractor fails to deliver goods and/or services on time, the Contractor shall be liable for any costs incurred by the County because of Contractor's delay. For instance, County may purchase or obtain the goods and/or services elsewhere and the Contractor shall be liable for the difference between the price in the Agreement and the cost to the County; or County may terminate on grounds of material and Contractor shall be liable for County's damages.

The Contractor shall promptly reimburse the County for the full amount of its liability, or, at County's option, the County may offset such liability from any payment due to the Contractor under any contract with the County.

The rights and remedies of County provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law. The acceptance by County of late or partial performance with or without objection or reservation shall not waive the right to claim damage for such breach nor constitute a waiver of the rights or requirements for the complete and timely performance of any obligation remaining to be performed by the Contractor, or of any other claim, right or remedy of the County.

8. HAZARDOUS SUBSTANCES

If any product being offered, delivered or supplied to the County is listed in the Hazardous Substances List of the Regulations of the Director of Industrial Relations with the California Occupational Safety and Health Standards Board, or if the product presents a physical or health hazard as defined in the California Code of Regulations, General Industry Safety Order, Section 5194 (T8CCR), Hazard Communication, the Contractor must include a Material Safety Data Sheet (MSDS) with delivery, or shipment. Each MSDS must reference the contract/purchase order number, and identify the "Ship To Address". All shipments and containers must comply with the labeling requirements of Title 49, Code of Federal Regulations by identifying the hazardous substance, name and address of manufacturer, and appropriate hazard warning regarding potential physical safety and health hazard.

9. SHIPPING AND RISK OF LOSS

Goods shall be packaged, marked and otherwise prepared by Contractor in suitable containers in accordance with sound commercial practices. Contractor shall include an itemized packing list with each shipment and with each individual box or package shipped to the County. The packing list shall contain, without limitation, the applicable contract release purchase order number.

COUNTY OF SANTA CLARA
STANDARD TERMS AND CONDITIONS
FOR AGREEMENT FOR GOODS AND SERVICES

Unless otherwise specified in writing, all shipments by Contractor to County will be F.O.B. point of destination. Freight or handling charges are not billable unless such charges are referenced on the order. Transportation receipts, if required by contract release purchase order, must accompany invoice. Regardless of F.O.B. point, Contractor agrees to bear all risks of loss, injury, or destruction to goods and materials ordered herein which occur prior to delivery at County's destination; and such loss, injury or destruction shall not release Contractor from any obligation hereunder.

Any shipments returned to the Contractor shall be delivered as F.O.B. shipping point.

10. INSPECTION AND RELATED RIGHTS

All goods and services are subject to inspection, testing, approval and acceptance by the County. Inspection shall be made within 60 days. If the goods, services, or the tender of delivery fail in any respect to conform to the contract, the County may reject the entire tender, accept the entire tender, or, if the deliverables are commercially divisible, may, at its option, accept any commercial unit or units and reject the rest.

Contractor shall be responsible to reclaim and remove any rejected goods or items at its own expense. Should Contractor fail to reclaim or remove any rejected goods or items within a reasonable time, County shall, at its option dispose of such goods or items and require reimbursement from Contractor for any costs or expenses incurred.

In the event that the Contractor's goods are not accepted by County, the Contractor shall be liable for any costs incurred by the County because of such failure by Contractor. For instance, County may purchase or obtain the goods elsewhere and the Contractor shall be liable for the difference between the price in the Agreement and the cost to the County, and any other costs incurred; or County may terminate for cause on grounds of material breach and Contractor shall be liable for County's damages.

The Contractor shall promptly reimburse the County for the full amount of its liability, or, at County's option, the County may offset such liability from any payment due to the Contractor under any contract with the County.

The rights and remedies of County provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law. The acceptance by County of late or partial performance with or without objection or reservation shall not waive the right to claim damage for such breach nor constitute a waiver of the rights or requirements for the complete and timely performance of any obligation remaining to be performed by the Contractor, or of any other claim, right or remedy of the County.

11. ADJUSTMENT BY COUNTY

The County reserves the right to waive a variation in specification of goods or services supplied by the Contractor. Contractor may request an equitable adjustment of payments to be made by County if County requires a change in the goods or services to be delivered. Any claim by the Contractor for resulting adjustment of payment must be asserted within 30 days from the date of receipt by the Contractor of the notification of change required by County; provided however, that the County's authorized representative decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment made for goods

and services supplied by Contractor. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the County's authorized representative shall have the right to prescribe the manner of disposition of such property. Nothing in this clause shall excuse performance by Contractor.

12. INVOICING

Contractor shall invoice according to Exhibit B of the Agreement. Invoices shall be sent to the County customer or department referenced in the individual contract release purchase order. Invoices for goods or services not specifically listed in the Agreement will not be approved for payment.

Invoices shall include: Contractor's complete name and remit-to address; invoice date, invoice number, and payment term; County contract number; pricing per the Agreement; applicable taxes; and total cost.

Contractor and County shall make reasonable efforts to resolve all invoicing disputes within seven (7) days.

13. PAYMENT

The County's standard payment term shall be Net forty-five (45), unless otherwise agreed to by the parties. Payment shall be due Net forty-five (45) days from the date of receipt and approval of correct and proper invoices.

Notwithstanding the standard payment term set forth above, the parties agree that the Payment Term for this Agreement shall be the term set forth in the Key Provisions section of the Agreement above. If the Payment Term is a prompt payment discount term, then payment shall be made accordingly. For example, if the Payment Term is 2.25% ten (10) Net forty-five (45), payment shall be due ten (10) days from the date the County receives and approves the correct and proper invoice, but no later than forty-five (45) days from that date, and the County would take a discount of 2.25% of the total amount of the invoice if the payment is made in ten (10) days. The parties also agree that notwithstanding the Payment Term set forth in the Key Provisions section of the Agreement, that at any time during the contract term, either party may initiate an early payment discount on an invoice-by-invoice basis utilizing the Dynamic Discounting functionality of the Ariba Network. Contractor must have a registered account on the Ariba Network to utilize this functionality.

Payment is deemed to have been made on the date the County mails the warrant or initiates the electronic fund transfer.

14. OTHER PAYMENT PROVISIONS

Notwithstanding anything to the contrary, County shall not make payments prior to receipt of service or goods (i.e. the County will not make "advance payments"). Unless specified in writing in an individual purchase order, the County will not accept partial delivery with respect to any purchase order. Any acceptance of partial delivery shall not waive any of County's rights on an ongoing basis.

Sales tax shall be noted separately on every invoice. Items that are not subject to sales tax shall be clearly identified.

COUNTY OF SANTA CLARA
STANDARD TERMS AND CONDITIONS
FOR AGREEMENT FOR GOODS AND SERVICES

Contractor shall be responsible for payment of all state and federal taxes assessed on the compensation received under this Purchase Order and such payment shall be identified under the Contractor's federal and state identification number(s).

The County does not pay Federal Excise Taxes (F.E.T). The County will furnish an exemption certificate in lieu of paying F.E.T. Federal registration for such transactions is: County #94730482K. Contractor shall not charge County for delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, cost of bonds, or for any other purpose, unless expressly authorized by the County.

15. LATE PAYMENT CHARGES OR FEES

The Contractor acknowledges and agrees that the County will not pay late payment charges.

16. DISALLOWANCE

In the event the Contractor receives payment for goods or services, which payment is later disallowed by the County or state or federal law or regulation, the Contractor shall promptly refund the disallowed amount to the County upon notification. At County's option, the County may offset the amount disallowed from any payment due to the Contractor under any contract with the County.

17. TERMINATION FOR CONVENIENCE

The County may terminate this Agreement or any order at any time for the convenience of the County, specifying the effective date and scope of such termination.

In no event shall the County be liable for costs incurred by the Contractor as a result of the termination or any loss of profits on the resulting order or portion thereof so terminated. In the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and other materials (collectively referred to as "materials") prepared by Contractor under this Agreement contract release purchase order shall become the property of the County and shall be promptly delivered to the County. Upon receipt of such materials, County shall pay the Contractor as full compensation for performance, the unit or pro rata price for the then-accepted portion of goods and/or services. If this Agreement is terminated, neither party may nullify obligations, if any, already incurred prior to the date of termination.

Termination for Convenience may be exercised anytime by and at the sole discretion of the County. In the event of a mid-Contract-year termination, County shall receive a pro-rata refund of the annual fee that County advance-paid for the year.

18. TERMINATION FOR CAUSE

County may terminate this Agreement or any order, in whole or in part, for cause upon thirty (30) days written notice to Contractor. For purposes of this Agreement, cause includes, but is not limited to, any of the following: (a) material breach of this Agreement or any contract release purchase order by Contractor, (b) violation by Contractor of any applicable laws or regulations; (c) assignment or delegation by Contractor of the rights or duties under this Agreement without the written consent of County or (d) less than perfect tender of delivery or performance by

COUNTY OF SANTA CLARA

Contractor that is not in strict conformance with terms, conditions, specifications, covenants, representations, warranties or requirements in this Agreement or any order.

In the event County terminates for cause under this provision, the Contractor shall be liable for any costs incurred by the County because of Contractor's default. The Contractor shall promptly reimburse the County for the full amount of its liability, or, at County's option, the County may offset such liability from any payment due to the Contractor under any contract or order with the County.

If, after notice of termination under the provisions of this clause, it is determined for any reason that the Contractor was not in default under this provision of this clause, the County has the option to make its notice of termination pursuant to the Termination for Convenience clause and the rights and obligations of the parties would be in accordance with that provision.

In lieu of terminating immediately upon contractor's default, County may, at its option, provide written notice specifying the cause for termination and allow Contractor ten (10) days (or other specified time period by the County) to cure. If, within ten (10) days (or other specified time) after the County has given the Contractor such notice, Contractor has not cured to the satisfaction of the County, or if the default cannot be reasonably cured within that time period, County may terminate this Agreement at any time thereafter. County shall determine whether Contractor's actions constitute complete or partial cure. In the event of partial cure, County may, at its option, decide whether to (a) give Contractor additional time to cure while retaining the right to immediately terminate at any point thereafter for cause; or (b) terminate immediately for cause. If this Agreement is terminated, neither party may nullify obligations, if any, already incurred prior to the date of termination.

Notwithstanding any of the above, if County determines that any action by Contractor contributes to the curtailment of an essential service or pose an immediate threat to life, health, or property, County may terminate this Agreement effective immediately without penalty or opportunity to cure upon issuing either oral or written notice to the Contractor.

19. TERMINATION FOR BANKRUPTCY

If Contractor is adjudged to be bankrupt or should have a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of Contractor's insolvency, the County may terminate this Agreement immediately without penalty. For the purpose of this Section, bankruptcy shall mean the filing of a voluntary or involuntary petition of bankruptcy or similar relief from creditors; insolvency; the appointment of a trustee or receiver, or any similar occurrence reasonably indicating an imminent inability to perform substantially all the party's duties under this Agreement. If this Agreement is terminated, neither party may nullify obligations, if any, already incurred prior to the date of termination.

20. BUDGETARY CONTINGENCY

Performance and/or payment by the County pursuant to this Agreement is contingent upon the appropriation by the County of sufficient funds for Deliverables covered by this Agreement. If funding is reduced or deleted by the County for services covered by this Agreement, the County may, at its option and without penalty or liability, terminate this Agreement or offer an amendment to this Agreement indicating the reduced amount.

COUNTY OF SANTA CLARA
STANDARD TERMS AND CONDITIONS
FOR AGREEMENT FOR GOODS AND SERVICES

21. DISENTANGLEMENT

Contractor shall cooperate with County and County's other contractors to ensure a smooth transition at the time of termination of this Agreement, regardless of the nature or timing of the termination. Contractor shall cooperate with County's efforts to ensure that there is no interruption of work required under the Agreement and no adverse impact on the supply of goods, provision of County services or the County activities. Contractor shall return to County all County assets or information in Contractor's possession.

For any software programs developed for use under the County's Agreement, Contractor shall provide a nonexclusive, nontransferable, fully-paid, perpetual, irrevocable, royalty-free worldwide license to the County, at no charge to County, to use, copy, and modify, all work or derivatives that would be needed in order to allow County to continue to perform for itself, or obtain from other providers, the services as the same might exist at the time of termination.

County shall be entitled to purchase at net book value those Contractor assets used for the provision of services to or for County, other than those assets expressly identified by the parties as not being subject to this provision. Contractor shall promptly remove from County's premises, or the site of the work being performed by Contractor for County, any Contractor assets that County, or its designee, chooses not to purchase under this provision.

Contractor shall deliver to County or its designee, at County's request, all documentation and data related to County, including, but not limited to, the County Data and client files, held by Contractor, within sixty (60) days of the request, and after return of same, Contractor shall destroy all copies thereof not turned over to County, all at no charge to County.

22. DISPUTES

Except as otherwise provided in this Agreement, any dispute arising under this contract that is not disposed of by agreement shall be decided by the County's authorized representative or designee, who shall furnish the decision to the Contractor in writing. The decision of the County's authorized representative or designee shall be final and conclusive. The Contractor shall proceed diligently with the performance of the contract pending the County's authorized representative or designee's decision. The County's authorized representative or designee shall not be required to decide issues that are legal or beyond his or her scope of expertise,

23. ACCOUNTABILITY

Contractor will be the primary point of contact for the performance of any subcontractors and assume the responsibility of all matters relating to the purchase of goods and/or services under this Agreement, including payment issues. If such or similar issues arise, the Contractor must take immediate action to correct or resolve the issues.

24. NO ASSIGNMENT, DELEGATION OR SUBCONTRACTING WITHOUT PRIOR WRITTEN CONSENT

Contractor may not assign any of its rights, delegate any of its duties or subcontract any portion of its work or business under this Agreement or any contract release purchase order without the prior written consent of County. No assignment, delegation or subcontracting will release Contractor from any of its obligations or alter any of its obligations to be performed under the Agreement. Any attempted assignment, delegation or subcontracting in violation of this

COUNTY OF SANTA CLARA
STANDARD TERMS AND CONDITIONS
FOR AGREEMENT FOR GOODS AND SERVICES

provision is voidable at the option of the County and constitutes material breach by Contractor. As used in this provision, "assignment" and "delegation" means any sale, gift, pledge, hypothecation, encumbrance, or other transfer of all or any portion of the rights, obligations, or liabilities in or arising from this Agreement to any person or entity, whether by operation of law or otherwise, and regardless of the legal form of the transaction in which the attempted transfer occurs.

25. MERGER AND ACQUISITION

The terms of this Agreement will survive an acquisition, merger, divestiture or other transfer of rights involving Contractor. In the event of an acquisition, merger, divestiture or other transfer of rights Contractor must ensure that the acquiring entity or the new entity is legally required to:

- (1) Honor all the terms negotiated in this Agreement and any pre-acquisition or pre-merger Agreement between Contractor and the County, including but not limited to a) established pricing and fees; b) guaranteed product support until the contract term even if a new product is released; and c) no price escalation during the term of the contract.
- (2) If applicable, provide the functionality of the software in a future, separate or renamed product, if the acquiring entity or the new entity reduces or replaces the functionality, or otherwise provide a substantially similar functionality of the current licensed product. The County will not be required to pay any additional license or maintenance fee to an acquiring entity in order to continue with full use, benefit, and functionality of software licensed under this Agreement until expiration or termination.
- (3) Give 30-days written notice to the County following the closing of an acquisition, merger, divestiture or other transfer of right involving Contractor.

26. COMPLIANCE WITH ALL LAWS & REGULATIONS APPLICABLE TO GOODS AND/OR SERVICES PROVIDED

Contractor shall comply with all laws, codes, regulations, rules and orders (collectively, "Regulations") applicable to the goods and/or services to be provided hereunder. Contractor's violation of this provision shall be deemed a material default by Contractor, giving County a right to terminate the contract. Examples of such Regulations include but are not limited to California Occupational Safety and Health Act of 1973, Labor Code §6300 *et seq.* the Fair Packaging and Labeling Act, and the standards and regulations issued there under. Contractor agrees to indemnify and hold harmless the County for any loss, damage, fine, penalty, or any expense whatsoever as a result of Contractor's failure to comply with any Regulation applicable to the goods and/or services to be provided hereunder.

27. FORCE MAJEURE

Neither party shall be liable for failure of performance, nor incur any liability to the other party on account of any loss or damage resulting from any delay or failure to perform all or any part of this Agreement if such delay or failure is caused by events, occurrences, or causes beyond the reasonable control and without negligence of the parties. Such events, occurrences, or causes will include acts of God/nature (including fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (whether war is declared or not), civil war, riots, rebellion, revolution, insurrection, military or usurped power or confiscation,

terrorist activities, nationalization, government sanction, lockout, blockage, embargo, labor dispute, strike, interruption or failure of electricity or telecommunication service ("Force Majeure Event").

Each party, as applicable, shall give the other party notice of its inability to perform and reasonable detail of the cause of the inability. Each party must use best efforts to remedy the situation and remove, as soon as practicable, the cause of its inability to perform or comply.

The party asserting a Force Majeure Event as a cause for non-performance shall have the burden of proving that reasonable steps were taken to minimize delay or damages caused by foreseeable events, that all non-excused obligations were substantially fulfilled, and that the other party was timely notified of the likelihood or actual occurrence which would justify such an assertion, so that other prudent precautions could be contemplated.

The County shall reserve the right to terminate this Agreement and/or any applicable order or contract release purchase order effective immediately, upon written notice, in the event of non-performance by Contractor because of a Force Majeure Event. The County shall reserve the right to extend the agreement and time for performance at its discretion.

28. INDEPENDENT CONTRACTOR

Contractor shall supply all goods and/or perform all services pursuant to this Agreement as an independent contractor and not as an officer, agent, or employee of County. Contractor shall be solely responsible for the acts and omissions of its officers, agents, employees, contractors, and subcontractors, if any. Nothing herein shall be considered as creating a partnership or joint venture between the County and Contractor. No person performing any services and/or supplying all goods shall be considered an officer, agent, or employee of County, nor shall any such person be entitled to any benefits available or granted solely to employees of the County.

Contractor is responsible for payment to sub-contractors and must monitor, evaluate, and account for the sub-contractor(s) services and operations.

29. INSURANCE

Contractor shall maintain insurance coverage pursuant to Exhibit D.

30. DAMAGE AND REPAIR BY CONTRACTOR

Any and all damages to County owned or leased property caused by Contractor's negligence or operations shall be repaired, replaced or reimbursed by Contractor at no charge to the County. Repairs and replacements shall be completed within seventy-two (72) hours of the incident unless the County requests or agrees to an extension or another time frame. The cleanup of all damage related to accidental or intentional release of any/all non-hazardous or hazardous material (e.g. hydraulic fluid, fuel, grease, etc.) from Contractor's vehicles or during performance shall be the responsibility of the Contractor. All materials must be cleaned up in a manner and time acceptable to County (completely and immediately to prevent potential as well as actual environmental damage). Contractor must immediately report each incident to the County's authorized representative or designee. Damage observed by Contractor, whether or not resulting from Contractor's operations or negligence shall be promptly reported by Contractor to

County. County may, at its option, approve and/or dictate the actions that are in County's best interests.

31. LIENS, CLAIMS, ENCUMBRANCES AND TITLE

The Contractor represents and warrants that all the goods and materials ordered and delivered are free and clear of all liens, claims or encumbrances of any kind. Title to the material and supplies purchased shall pass directly from Contractor to County at the F.O.B. point, subject to the right of County to reject upon inspection.

32. ASSIGNMENT OF CLAYTON ACT, CARTWRIGHT ACT CLAIMS

Contractor hereby assigns to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Contractor for sale to the County pursuant to this Agreement.

33. INDEMNITY

Contractor shall indemnify, defend, and hold harmless the County, its officers, agents and employees from any claim, liability, loss, injury or damage arising out of, or in connection with, performance of this Agreement by Contractor and/or its agents, employees or sub-contractors, excepting only loss, injury or damage caused by the sole negligence or willful misconduct of personnel employed by the County. It is the intent of the parties to this Agreement to provide the broadest possible coverage for the County. Contractor shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which Contractor contests its obligation to indemnify, defend and/or hold harmless the County under this Agreement and does not prevail in that contest.

34. INTELLECTUAL PROPERTY INDEMNITY

Contractor represents and warrants for the benefit of the County and its users that it is the exclusive owner of all rights, title and interest in the product or services to be supplied. Contractor shall, at its own expense, indemnify, defend, settle, and hold harmless the County and its employees, agents and assigns against any claim or potential claim that any good, (including software) and/or service, or County's use of any good (including software) and/or service, provided under this Agreement infringes any patent, trademark, copyright or other proprietary rights, including trade secret rights. SYSTEM CONFIGURATION DETAILS

The following sections detail the configuration of the Axon Fleet In-Car System

Vehicle Hardware

Vehicle Hardware	2	Axon Fleet Cameras will be installed in each vehicle
	2	Axon Fleet Battery Boxes will be installed in each vehicle
	1	Axon Signal Units will be installed in each vehicle
	1	Cradlepoint IBR1100 Series router will be installed in each vehicle
Axon Battery Boxes	The battery box provides power to its connected camera for up to 4 hours allowing for video offload while the vehicle ignition state is OFF and the MDT is connected and available.	
Signal Activation Methods	When triggered, the Axon Signal Vehicle (ASV) device will activate the recording mechanism for all configured Axon cameras within 30 feet of the vehicle.	
Mobile Data Terminal	Each vehicle will be equipped with a Mobile Data Terminal provided by the customer.	
Mobile Data Terminal Requirements	<p>Operating System: Windows 7 or Windows 10 - x32 or x64 with the most current service packs and updates</p> <p>Hard Drive: Must have 25GB+ of free disk space</p> <p>RAM/Memory: Windows 7 - 4GB or greater Windows 10 - 8GB or greater</p> <p>Ethernet Port: The system requires the MDT to have one dedicated and available Ethernet port reserved for an Ethernet cable from router. The Ethernet port can be located on an electronic and stationary mobile docking station. If a docking station is used, it is the preferred location for the Ethernet port.</p> <p>Wi-Fi Card: The system requires an 802.11n compatible Wi-Fi card using 5Ghz band.</p> <p>USB Ports: If the computer is assigned to the officer and does not remain with the vehicle, then the number dongles ordered should equal the number of officers or the number of computers assigned. At least one dedicated and available USB 2.0 port for the Fleet USB dongle USB Port on MDT or Dock.</p>	

Additional Considerations	If the customer has a MiFi hotspot, embedded cellular, or USB 4G, then the customer must purchase a Cradlepoint router with an external antenna and Cradlecare. For agencies that use NetMotion Mobility, Axon traffic must be passed through; such that it does not use the Mobility VPN tunnel. Customer must provide IT and / or Admin resources at time of installation to ensure data routing if functional for Axon Fleet operation.	
	In the event an Agency is unable to support the IT requirements associated with the installation, Axon reserves the right to charge the Agency for additional time associated with on-site work completed by an Axon Employee.	
Hardware Provisioning	Customer will provide the following router for all vehicles:	Cradlepoint IBR1100 Series
	The customer will provide a MDT for each vehicle	

In-Car Network Considerations

Network Requirements	Cradlepoint IBR1100 Series will create a dedicated 5Ghz WiFi network within each vehicle. This network will join the Axon Fleet cameras and Mobile Data Terminal together.		
Network Addressing	IP Addressing		Total IPs Required
	Axon Fleet Cameras	440	880
	Mobile Data Terminal	220	
	Cradlepoint IBR1100 Series	220	
Hardware Provisioning	Customer to provide all IP addressing and applicable network information		

Network Consideration Agreement

Network Consideration Agreement	Customer acknowledges the minimum requirements for the network to support this Statement of Work.
	All Axon employees performing services under this SOW are CJIS certified.
	If the network provided by Customer does not meet the minimum requirements, or in the event of a requested change in scope of the project, a Change Order will be required and additional fees may apply. Additional fees would also apply if Axon is required to extend the installation time for reasons caused by the customer or the customer network accessibility.

Professional Services & Training

<p>Project Management</p>	<p>Axon will assign a Project Manager that will provide the expertise to execute a successful Fleet camera deployment and implementation. The Project Manager will have knowledge and experience with all phases of the project management lifecycle and with all application modules being implemented. He/she will work closely with the customer's project manager and project team members and will be responsible for completing the tasks required to meet all contract deliverables.</p>
<p>Vehicle Installation</p>	<p>Axon will be performing the installation of all Axon Fleet vehicle hardware. Installation services purchased from Axon include a "clip" and removal of existing in-car system hardware. This does not include "full removal" of existing wiring. A "full removal" of all existing hardware and wiring is subject to additional fees. Axon provides basic Fleet operation overview to the customer lead and/or Admin at the time of install.</p> <p>Clip vs Rip installation removal:</p> <ul style="list-style-type: none"> ○ It is necessary to differentiate between the type of equipment removal to be provided by Axon. Standard Fleet Installation includes hardware removal in a fashion considered "Clip" which means Axon cuts the wires from the old system without removing multiple panels, removing all wiring and parts from the old system. In the case Axon removes the hardware Axon is not responsible for the surplus of hardware or any devices that may have been physically integrated with the removed system. In some situations, radar systems are integrated with the in-car video system and have a cable that connects to the system, if Axon removes the old in car system then Axon is not responsible for the radar system as part of the removal. ○ A "Rip" removal should be contracted through ProLogic directly. The Rip would be similar to a complete and full removal, which is more common when they retire a vehicle from service.
<p>Custom Trigger Installation</p>	<p>Axon Signal Units have multiple trigger configuration options. Any trigger configurations that include a door or magnetic door switch are considered "custom" and may be subject to additional fees. An Axon representative has discussed with the Agency the standard triggers of the Fleet System. Those standard triggers include light-bar activation, speed, crash and gun-locks. The light-bar must have a controller to allow Axon to interface for the desired position, gun-locks must be installed with existing hardware in the vehicle. Doors are considered "CUSTOM" since they required additional hardware and time for installation, typically requiring the door may need to be taken apart for the installation.</p>
<p>Training</p>	<p>End-user go-live training provides individual device set up and configuration assistance, training on device use, Evidence.com and AXON View XL.</p> <p>End-user go-live training and support is not included in the installation fee scope.</p> <p>Training for 10% of vehicles to be included for Fleet Department Staff at no charge.</p>

4G / Cellular Offload Considerations

Network Considerations	The Cradlepoint IBR1100 Series will be the connection which allows 4G upload of recorded video
	The customer will ensure that their cellular contract does not allow for data throttling, or service denial, once a set data threshold is met. Throttling or denial of service will negatively affect Fleet upload capabilities.
	The MDT's 4G connection will facilitate the upload of recorded video content.
Hardware Provisioning	The customer will provide all 4G sim cards as required by their mobile provider.

1. The foregoing requirements as to the types and limits of insurance coverage to be maintained by the Contractor and any approval of said insurance by the County or its insurance consultant(s) are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to this Agreement, including but not limited to the provisions concerning indemnification.
2. The County acknowledges that some insurance requirements contained in this Agreement may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by the Contractor under this Agreement. Any self-insurance shall be approved in writing by the County upon satisfactory evidence of financial capacity. Contractor's obligation hereunder may be satisfied in whole or in part by adequately funded self-insurance programs or self-insurance retentions.
3. Should any of the work under this Agreement be sublet, the Contractor shall require each of its subcontractors of any tier to carry the aforementioned coverages, or Contractor may insure subcontractors under its own policies.

Contractor shall disable user accounts of any personnel who access the system provided under the Contract within one (1) business day of becoming aware of the termination of such individual. In the cases of termination for cause, Contractor will disable such user accounts as soon as administratively possible and no later than one (1) business days.

F. System/Data Access

- (i) Contractor and Contractor Personnel shall only access County and Contractor Managed Systems, applications, or County Data for which they are expressly authorized by County to access, even if the technical controls in the system or application do not prevent Contractor or Contractor Personnel from accessing those data or functions outside of County's authorization. Contractor shall impose reasonable sanctions against any of Contractor Personnel who attempt to bypass security controls.
- (ii) Contractor agrees to use the principle of least privilege when granting access to Contractor Managed Systems or County Data.

G. System Maintenance

Contractor shall maintain system(s) that generate, store, transmit or process County Data according to manufacturer recommendations. Contractor shall ensure that only those Contractor Personnel certified to repair such systems are allowed to provide maintenance services.

When the Product or Service provided pursuant to this Agreement requires third party components, Contractor must provide a Product that is compatible with currently supported third party components. Unless otherwise expressly agreed by County, Contractor represents that all third-party components in its Product are currently supported, are not considered "end of life" by the third-party provider of such components, and will not become "end of life" in less than 24 months from the date of acquisition by County.
- (ii) If open source software is incorporated into the Product, Contractor shall only use widely supported and active open source software in the

Product and shall disclose such software to County prior to its acquisition of the Product.

Contractor shall not provide Products with backdoor software, including, without limitation, undocumented or secret access functions (e.g., accounts, authorization levels, over-rides or any backdoor). Contractor shall supply all information needed for the County to manage all access (local or remote) capabilities within the Product including denying of Remote Access entirely from any party including Contractor. Contractor shall not include any feature within the Product that would allow anyone to circumvent configured authorization remotely.

D. Remote Access Software. Contractor shall not provide Products that will allow for Remote Access from untrusted networks by default.

Exhibit F

REMOTE ACCESS

1. Definitions

- (a) "Remote Access" is the act of accessing County Systems from a non-County network infrastructure.
- (b) "County Systems," for purposes of this Exhibit, include but are not limited to, all County-owned, leased or managed servers, mainframe computers, desktop computers, laptop computers, handheld devices (including smart phones, wireless PDAs and Pocket PCs), equipment, networks, application systems, databases, software, phone systems, any device with network capabilities (e.g., a workstation with an attached modem, routers, switches, laptop computers, handheld devices), and any other system that stores, processes, and/or transmits County-owned information/data. These items are typically under the direct control and management of the County. "County Systems" also include these items when they are under the control and management of a service provider for use by County, as well as any personally-owned device that an individual has express written permission to use for County purposes.
- (c) "County-owned information/data," for purposes of this Exhibit, is any information or data that is transported across a County network, or that resides in a County-owned information system, or on a network or system under the control and management of a service provider for use by County. This information/data is the exclusive property of County unless constitutional provision, State or Federal statute or case law provide otherwise. County-owned information/data does not include a User's personal, non-County business information, communications, data, files and/or software transmitted by or stored on a personally-owned device if that information/data is not transported across a County network or does not reside in a County System or on a network or system under the control and management of a service provider for use by County.
- (d) "Contractor employees" includes Contractor's employees, agents, representatives, contractors or subcontractors performing services under this Agreement.

2. Scope of Access

- (a) County may grant Remote Access privileges for Contractor to access the following County Systems (collectively referred to as "Designated Systems"), in accordance with the terms of this Agreement:
 - SHO Axon Dash-Mount-Camera system
- (b) All other forms of access to the Designated Systems, or to any County System that is not specifically named, is prohibited.
- (c) County will not grant remote access unless (i) the Chief Information Security Officer has approved such access; (ii) any remote access is initiated by County personnel; and (iii) the remote access method complies with section 3 below.

- (d) If the County grants Remote Access, such access is granted only for the purpose of Contractor providing services and performing its obligations as set forth in this Agreement including, but not limited to, supporting Contractor-installed programs. Any access to the Designated Systems, County-owned information/data, or any other County System or asset that is not specifically authorized under the terms of this Agreement is prohibited and is a material breach that may result in immediate termination of this Agreement for cause and any penalty allowed by law. Contractor may only access the SHO Axon Dash-Mount-Camera system.
- (e) County will review the scope of Contractor's Remote Access rights periodically.

3. Security Requirements

- (a) Contractor will not install any Remote Access capabilities on any County System unless such installation and configuration is approved by the County Information Security Office and meets or exceeds NIST 800-53 standards, or an equivalent industry standard.
- (b) Contractor will only remotely access Designated Systems, including access initiated from a County System, if the following conditions are met:
 - (i) Upon request by an authorized County representative, Contractor will submit documentation verifying its own network security mechanisms to County for County's review and approval. The County reserves the right to advanced written approval of Contractor's security mechanisms prior to Contractor being granted Remote Access.
 - (ii) The Remote Access method agreed upon pursuant to paragraph 9 must include the following minimum control mechanisms:
 - (aa) Two-Factor Authentication: An authentication method that requires two of the following three factors to confirm the identity of the user attempting Remote Access. Those factors include: 1) something you possess (e.g., security token and/or smart card); 2) something you know (e.g., a personal identification number (PIN)); or 3) something you are (e.g., fingerprints, retina scan). The only exceptions are County approved County-site-to-Contractor-site Virtual Private Network (VPN) infrastructure.
 - (bb) County personnel will control authorizations (permissions) to specific systems or networks.
 - (cc) All Contractor systems used to remotely access County Systems must have industry-standard anti-virus and other security measures that might be required by the County (e.g., software firewall) installed, configured, and activated.

4. Monitoring/Audit

County will monitor access to, and activities on, County Systems, including all Remote Access attempts. Data on all activities will be logged on a County System and will include the date, time, and user identification.

5. Copying, Deleting or Modifying Data

Contractor is prohibited from copying, modifying, or deleting any data contained in or on any County System unless otherwise stated in this Agreement or unless Contractor receives prior written approval from County. This does not include data installed by the Contractor to fulfill its obligations as set forth in this Agreement.

6. Connections to Non-County Networks and/or Systems

Contractor agrees to make every effort to protect data contained on County Systems within Contractor's control from unauthorized access. Prior written approval is required before Contractor may access County Systems from a non-designated system. Such access will use information security protocols that meet or exceed NIST 800-53 standards, or an equivalent industry standard. Remote Access must include the control mechanisms noted in Paragraph 3(b)(ii) above.

Exhibit H – CJIS Security Addendum
FEDERAL BUREAU OF INVESTIGATION CRIMINAL JUSTICE INFORMATION SERVICES
SECURITY ADDENDUM

**Legal Authority for and Purpose and Genesis of the
Security Addendum**

Traditionally, law enforcement and other criminal justice agencies have been responsible for the confidentiality of their information. Accordingly, until mid-1999, the Code of Federal Regulations Title 28, Part 20, subpart C, and the National Crime Information Center (NCIC) policy paper approved December 6, 1982, required that the management and exchange of criminal justice information be performed by a criminal justice agency or, in certain circumstances, by a noncriminal justice agency under the management control of a criminal justice agency.

In light of the increasing desire of governmental agencies to contract with private entities to perform administration of criminal justice functions, the FBI sought and obtained approval from the United States Department of Justice (DOJ) to permit such privatization of traditional law enforcement functions under certain controlled circumstances. In the Federal Register of May 10, 1999, the FBI published a Notice of Proposed Rulemaking, announcing as follows:

1. Access to CHRI [Criminal History Record Information] and Related Information, Subject to Appropriate Controls, by a Private Contractor Pursuant to a Specific Agreement with an Authorized Governmental Agency To Perform an Administration of Criminal Justice Function (Privatization). Section 534 of title 28 of the United States Code authorizes the Attorney General to exchange identification, criminal identification, crime, and other records for the official use of authorized officials of the federal government, the states, cities, and penal and other institutions. This statute also provides, however, that such exchanges are subject to cancellation if dissemination is made outside the receiving departments or related agencies. Agencies authorized access to CHRI traditionally have been hesitant to disclose that information, even in furtherance of authorized criminal justice functions, to anyone other than actual agency employees lest such disclosure be viewed as unauthorized. In recent years, however, governmental agencies seeking greater efficiency and economy have become increasingly interested in obtaining support services for the administration of criminal justice from the private sector. With the concurrence of the FBI's Criminal Justice Information Services (CJIS) Advisory Policy Board, the DOJ has concluded that disclosures to private persons and entities providing support services for criminal justice agencies may, when subject to appropriate controls, properly be viewed as permissible disclosures for purposes of compliance with 28 U.S.C. 534.

We are therefore proposing to revise 28 CFR 20.33(a)(7) to provide express authority for such arrangements. The proposed authority is similar to the authority that already exists in 28 CFR 20.21(b)(3) for state and local CHRI systems. Provision of CHRI under this authority would only be permitted pursuant to a specific agreement with an authorized governmental agency for the purpose of providing services for the administration of criminal justice. The agreement would be required to incorporate a security addendum approved by

the Director of the FBI (acting for the Attorney General). The security addendum would specifically authorize access to CHRI, limit the use of the information to the specific purposes for which it is being provided, ensure the security and confidentiality of the information consistent with applicable laws and regulations, provide for sanctions, and contain such other provisions as the Director of the FBI (acting for the Attorney General) may require. The security addendum, buttressed by ongoing audit programs of both the FBI and the sponsoring governmental agency, will provide an appropriate balance between the benefits of privatization, protection of individual privacy interests, and preservation of the security of the FBI's CHRI systems.

The FBI will develop a security addendum to be made available to interested governmental agencies. We anticipate that the security addendum will include physical and personnel security constraints historically required by NCIC security practices and other programmatic requirements, together with personal integrity and electronic security provisions comparable to those in NCIC User Agreements between the FBI and criminal justice agencies, and in existing Management Control Agreements between criminal justice agencies and noncriminal justice governmental entities. The security addendum will make clear that access to CHRI will be limited to those officers and employees of the private contractor or its subcontractor who require the information to properly perform services for the sponsoring governmental agency, and that the service provider may not access, modify, use, or disseminate such information for inconsistent or unauthorized purposes.

Consistent with such intent, Title 28 of the Code of Federal Regulations (C.F.R.) was amended to read:

§ 20.33 Dissemination of criminal history record information.

- a) Criminal history record information contained in the Interstate Identification Index (III) System and the Fingerprint Identification Records System (FIRS) may be made available:
 - 1) To criminal justice agencies for criminal justice purposes, which purposes include the screening of employees or applicants for employment hired by criminal justice agencies.
 - 2) To noncriminal justice governmental agencies performing criminal justice dispatching functions or data processing/information services for criminal justice agencies; and
 - 3) To private contractors pursuant to a specific agreement with an agency identified in paragraphs (a)(1) or (a)(6) of this section and for the purpose of providing services for the administration of criminal justice pursuant to that agreement. The agreement must incorporate a security addendum approved by the Attorney General of the United States, which shall specifically authorize access to criminal history record information, limit the use of the information to the purposes for which it is provided, ensure the security and confidentiality of the information consistent with these regulations, provide for sanctions, and contain such other provisions as the Attorney General may require. The power

and authority of the Attorney General hereunder shall be exercised by the FBI Director (or the Director's designee).

This Security Addendum, appended to and incorporated by reference in a government-private sector contract entered into for such purpose, is intended to insure that the benefits of privatization are not attained with any accompanying degradation in the security of the national system of criminal records accessed by the contracting private party. This Security Addendum addresses both concerns for personal integrity and electronic security which have been addressed in previously executed user agreements and management control agreements.

A government agency may privatize functions traditionally performed by criminal justice agencies (or noncriminal justice agencies acting under a management control agreement), subject to the terms of this Security Addendum. If privatized, access by a private contractor's personnel to NCIC data and other CJIS information is restricted to only that necessary to perform the privatized tasks consistent with the government agency's function and the focus of the contract. If privatized the contractor may not access, modify, use or disseminate such data in any manner not expressly authorized by the government agency in consultation with the FBI.

**FEDERAL BUREAU OF INVESTIGATION
CRIMINAL JUSTICE INFORMATION SERVICES
SECURITY ADDENDUM**

The goal of this document is to augment the CJIS Security Policy to ensure adequate security is provided for criminal justice systems while (1) under the control or management of a private entity or (2) connectivity to FBI CJIS Systems has been provided to a private entity (contractor). Adequate security is defined in Office of Management and Budget Circular A- 130 as "security commensurate with the risk and magnitude of harm resulting from the loss, misuse, or unauthorized access to or modification of information."

The intent of this Security Addendum is to require that the Contractor maintain a security program consistent with federal and state laws, regulations, and standards (including the CJIS Security Policy in effect when the contract is executed), as well as with policies and standards established by the Criminal Justice Information Services (CJIS) Advisory Policy Board (APB).

This Security Addendum identifies the duties and responsibilities with respect to the installation and maintenance of adequate internal controls within the contractual relationship so that the security and integrity of the FBI's information resources are not compromised. The security program shall include consideration of personnel security, site security, system security, and data security, and technical security.

CERTIFICATION

I hereby certify that I am familiar with the contents of (1) the Security Addendum, including its legal authority and purpose; (2) the NCIC Operating Manual; (3) the CJIS Security Policy; and (4) Title 28, Code of Federal Regulations, Part 20, and agree to be bound by their provisions.

I recognize that criminal history record information and related data, by its very nature, is sensitive and has potential for great harm if misused. I acknowledge that access to criminal history record information and related data is therefore limited to the purpose(s) for which a government agency has entered into the contract incorporating this Security Addendum. I understand that misuse of the system by, among other things: accessing it without authorization; accessing it by exceeding authorization; accessing it for an improper purpose; using, disseminating or re-disseminating information received as a result of this contract for a purpose other than that envisioned by the contract, may subject me to administrative and criminal penalties. I understand that accessing the system for an appropriate purpose and then using, disseminating or re-disseminating the information received for another purpose other than execution of the contract also constitutes misuse. I further understand that the occurrence of misuse does not depend upon whether or not I receive additional compensation for such authorized activity. Such exposure for misuse includes, but is not limited to, suspension or loss of employment and prosecution for state and federal crimes.
